

Assembly Instructions

Display Cabinet

 **WARNING: To avoid serious personal injury:**

- Carefully and strictly follow assembly instructions. Improper assembly of furniture can result in structural failure, instability of the product, or tip-over.
- Monitor and carefully control the assembly components. These include small parts and hardware that may present a choking hazard to small children. Bob's furniture should be assembled only by responsible adults and children should not be involved in the assembly process.
- Where provided, wall mounting hardware should always be used as prescribed in these instructions to anchor furniture to wall. Proper use of the wall mounting hardware can significantly reduce the potential for furniture tip-over and crushing injuries.

Assembly Instruction

CAUTION: Please read instructions thoroughly before unpacking assembly parts.

1. Be sure to check all packing materials carefully for small parts that may have come loose inside the carton during shipment.
2. Please put all parts on a non-abrasive floor before assembly, and follow the assembly steps to assemble your newly purchased product correctly and efficiently.
3. Please do not tighten screws or bolts until each step is completed or instructed.
4. Please do not over tighten screws or bolts.
